

THE NEVER LOOK AWAY SERIES

FOR PROVIDERS IN CHILD-SERVING SYSTEMS
AND THE AGENCIES THEY WORK FOR

A 9-MODULE TRAUMA TRAINING VIDEO SERIES & CURRICULUM

The *Never Look Away* series is a unique, engaging case-based trauma training program providing practical guidance on such topics as assessment, intervention strategy, family engagement, risk management for even the most challenging cases.

This animated series is centered on two characters, children who have experienced traumatic events and subsequently have significant problems commonly encountered in practice. The series engages participants to consider how to help these children – and the great many children like them – to feel safe and secure in their worlds.

Participants engage in two modules a week, online via live Zoom call, once a week with other participants and our faculty to learn and engage with the nine NLA principles.
